Frequently Asked Questions

Do you require a wedding coordinator?

Yes, we require that you hire a professional, licensed and insured wedding coordinator starting their services a minimum of three months prior to your wedding date. The wedding coordinator will create your wedding timeline, run your rehearsal ceremony and make sure the day goes just as you have dreamed it.

Do you allow outside catering?

All food and beverages, with the exception of your wedding cake or desserts, must be through Monserate Winery.

How late can we have our wedding?

Per the sound ordinance for San Diego County, we conclude weddings at 10:00pm. If you would like to extend your five hours of event time, you have the option to add an extra hour to the front end.

Do you allow dogs at weddings?

While our winery only allows service dogs, we make an exception for weddings! Dogs may be a part of the ceremony but then must be taken off premise after they have performed their special role during ceremony.

How do we secure our date?

After touring our winery, we will work with you to create a custom proposal and once everything looks perfect, we will send you a wedding contract. Once we receive a signed contract and your initial deposit, your date is officially booked!

What services do you not provide?

If including any of the following in your event, services and items must be provided by a licensed and insured professional: florals, disc jockey, musician, amplified music of any kind, hair and makeup, bakery/desserts, photo booth, photography, and videography.

Where should our guests stay?

We are happy to provide you with our list of local accommodations that we have found to be wonderful places for guests to stay. From hotels to casinos to Airbnbs, there is a wide selection of places to stay within ten miles of Monserate Winery.
